##### Changes in accounting policies

###### *Goodwill*

With the adoption of IAS 36 (revised 2004) 'Impairment of Assets', IAS 38 (revised 2004) 'Intangible Assets' and IFRS 3 (issued 2004) 'Business Combinations', from 1 January 2005 the Group ceased the amortisation of goodwill and tests for impairment annually or when there is an indication of impairment. The charge to the consolidated income statement for the nine months ended 30 September 2005 for impairment of goodwill relating to the acquisition of Paneuropean Group and of Laiki Attalos Securities S.A. amounted to C£ 4.200.000.

###### *Financial Instruments*

Upon the initial application of IAS 39 (revised 2003) 'Financial Instruments: Recognition and Measurement', the Group transferred certain investments from the held-to-maturity category and from corporate bonds and debentures to the available-for-sale category. In accordance with the transitional provisions of IAS 39 (revised 2003), the transfer of investments was applied retrospectively. The prior year adjustment relates to these transfers. The reserves as at 1 January 2004 and the balance sheet as at 31 December 2004 were adjusted to reflect this.

The capital securities are perpetual, but can be repurchased in full at the option of the Bank at nominal value plus accrued interest on 30 June 2008 or at any interest payment date thereafter, after approval from the Central Bank of Cyprus.

In case the capital securities are not repurchased by the Bank 10 years after their issue, then the holder has the right to exchange the securities with ordinary shares of the Bank at any interest payment date thereafter, at a discount of 10% on the average price of the ordinary share as this will be traded on the Cyprus Stock Exchange for a period of one month before the respective exchange date.

The capital securities constitute direct non-secured and subordinated obligations of the Bank. They rank for payment after the claims of depositors and other creditors.
